## INTRODUCTION

Dallas Christian College seeks to educate and mentor students to be people of influence, under God's influence, for a life of influence. The educational programs seek to produce graduates who are able to influence others in various ministry settings as well as in education and business.

Since God is the source of all wisdom, knowledge, and understanding, and since all of creation is His, education logically begins from Him. In light of this, all courses of the College begin from the assumption that all true knowledge, biblical and otherwise, comes from God and should be judged in light of His word.

Moreover, all the degree programs of DCC meet ABHE requirements of a balanced curriculum in Bible, general studies, and specialized or professional studies. This reflects the college's conviction that knowledge of scripture is basic to education.

The General Studies Program emerges from the College's conviction that all students need an understanding of themselves, their world, and their community, combined with the ability to think and communicate effectively. This curriculum is required in all degree plans; this foundation prepares students to apply this knowledge in their major and to become people of godly influence who appreciate God's entire domain.

The College offers a Bachelor of Arts (B.A.), a Bachelor of Science (B.S.), and an Associate of Applied Science (A.A.S.) degree. The Bachelor of Arts degree is the same as the Bachelor of Science degree with the exception of the 12-hour Greek language requirement. All students desiring to study in a ministry major are encouraged to seek the B. A. degree, especially those who intend to preach or teach or go on to seminary.

DCC offers the B.A. or B.S. degrees through the Bible Department with majors in Biblical Studies, Intercultural Studies, Ministry Leadership, Ministry and Leadership, and Worship Arts. It also offers minors in Biblical Languages, Education Ministry, Intercultural Studies, Ministry Studies, Preaching Ministry, Urban Studies, Worship Arts, and Youth and Family Ministry.

DCC offers the B.A. or B.S. degrees through the Arts and Sciences Department with a major in Interdisciplinary Studies. This major serves as a foundational undergraduate degree preparing students for church and para-church ministries and for seminary or graduate professional studies. In addition, it offers minors in English or History.

DCC offers the B.A. or the B.S. degree through the Business Department with majors in Business Administration or Management and Ethics. It also offers an A.A.S. degree in Business.

The College also offers the B.S. degree through the Teacher Education Department with majors in Elementary Education or Secondary Education with teaching specialization in English or history and a B. S. in Music Education for all levels. A B.S. degree in Education prepares students to attain Association of Christian Schools International (ACSI) certification for teaching in private Christian schools.

DCC offers the B.A. or B.S. degree through the Psychology Department with a major in Psychology. This major serves as a foundational undergraduate degree preparing students for church and para-church ministries and for seminary or graduate professional studies. In addition, it offers a minor in Psychology.

The College offers some degrees through DCC Online or Quest. Quest courses normally meet one night per week for four hours for six weeks. Quest courses require a minimum of 15 hours of outside preparation each week for the average student. Online courses normally are six or seven weeks in length. Online courses lasting six weeks requires a minimum of 19 hours of

outside preparation each week for the average student. Online courses lasting seven weeks requires a minimum of 16 hours of outside preparation each week for the average student. DCC Online offers a B.S. in Ministry and Leadership or Management and Ethics. Quest offers a B.A. or B.S. in Ministry and Leadership or Management and Ethics.

Building upon the General Studies Curriculum, the Arts and Sciences Department directs a program in Interdisciplinary Studies and minors in English and history.

The Arts and Sciences Department oversees one program: the Interdisciplinary Studies Program. Upon completion of the curriculum, the student should master the following objectives:

### **Interdisciplinary Studies Program Objectives**

Students will:

2. Apply oral and written communications skills to effective presentation of advanced materials related to their chosen focus of study
3. Demonstrate critical thinking especially in the ability to integrate and critique knowledge across disciplinary boundaries

Interdisciplinary studies majors may opt instead for a project that includes academic and service learning. The area of the internship or project must have prerequisite study. The Interdisciplinary Studies program allows a student to pursue courses or an emphasis within the Arts and Sciences Department in either a programmed or individualized degree plan. These courses must fall in the humanities, or social sciences.

The Arts and Sciences Department also offers minors in English and history. These minors require 18 credit hours with at least nine upper-level hours.

## PSYCHOLOGY DEPARTMENT

The Psychology Department at Dallas Christian College offers instruction in the social science field of psychology. The department offers one program: the Psychology Program. Upon completion of the curriculum, the student should master the following objectives:

### Psychology Program Objectives

Students will:

1. Know the history and fundamental concepts and theories of psychology
2. Demonstrate interpersonal and helping skills grounded in a Christian perspective
3. Be able to evaluate psychology theories and methodology critically from a Christian worldview
4. Be adequately prepared for graduate and professional training

The Psychology Department offers a B.A. or B.S. in Psychology. This degree program requires 31 credit hours with 18 upper-level hours and a three-hour field mentored experience (Internship) designed to apply classroom content to practical experience specific to the major. The area of the internship must have prerequisite study. The psychology major equips a student with the foundational tools in psychology and counseling from a biblical perspective. The degree prepares students to continue studies in graduate school. Students should note that any undergraduate degree in psychology is preparatory for graduate studies. All licensing for psychology and counseling requires the minimum of a master's degree.

The Psychology Department also offers a minor in Psychology. This minor requires 18 credit hours with at least nine upper-level hours.
