INTRODUCTION

Dallas Christian College seeks to educate and mentor students to be people of influence, under God's influence, for a life of influence. The educational programs seek to produce graduates who are able to influence others in various ministry settings as well as in education, business, and psychology.

Since God is the source of all wisdom, knowledge, and understanding, and since all of creation is His, education logically begins from Him. In light of this, all courses of the College begin from the assumption that all true knowledge, biblical and otherwise, comes from God and should be judged in light of His word.

Moreover, all the degree programs of DCC meet Association for Biblical Higher Education (ABHE) requirements of a balanced curriculum in Bible, general studies, and specialized or professional studies. This reflects the college's conviction that knowledge of scripture is basic to education.

The General Education curriculum emerges from the College's conviction that all students need an understanding of themselves, their world, and their community, combined with the ability to think and communicate effectively. This curriculum is required in all degree plans; this foundation prepares students to apply this knowledge in their major and to become people of godly influence who appreciate God's entire domain.

The College offers a Bachelor of Arts (B.A.) degree, a Bachelor of Science (B.S.) degree, an Associate of Arts (A.A.) degree, and an Associate of Applied Science (A.A.S.) degree. The Bachelor of Arts degree is the same as the Bachelor of Science degree with the exception of the 12-hour Greek language requirement. All students desiring to study in a ministry major are encouraged to seek the B. A. degree, especially those who intend to preach or teach or go on to seminary.

The degree serves as a foundational undergraduate degree preparing students for church and para-church ministries and for seminary or graduate professional studies.

In addition, it offers a degree completion plan, the B.S. in Psychology (with the Christian Life Coaching track option), and a minor in Psychology.

The College also offers the B.S. degree through the Teacher Education Department with a double major in Education and Bible. There are four different plans to choose from: the B.S. The B.S. degree in Education and Bible prepares students to attain Texas state certification for teaching in public schools. The degree is approved by the Texas Education Agency to offer Texas State Certification to students who pass state requirements. Additionally, the degree meets the requirements for Association of Christian Schools International (ACSI) certification for teaching in private Christian schools. In addition to the B.S. in Education and Bible, the Department offers a Texas-approved alternative teacher certification program for those who have already completed the Bachelor's degree.

The College offers some degrees through DCC *FLEX*Campus®, Online, or Quest. Quest courses normally meet one night per week for four hours for six weeks. DCC *FLEX*Campus® offers the flexibility of participating in the classroom, participating via web conference with a live webcam stream, or watching the recorded class session the next day and completing the class online. Most courses are six weeks in length requiring 15-19 hours of outside preparation each week for the average student.
