Annual Security Report

DALLAS CHRISTIAN COLLEGE

The **2015 Dallas Christian College Annual Security Report (ASR)** has been provided to the DCC community in compliance with federal regulations and is designed to communicate safety and crime data, policies and procedures in order to maintain a safe and comfortable campus. Every member of the DCC community has a role in creating a safe environment. This report will describe the responsibility that we all share in that mutual cause.

In the following report, this ASR will convey the college's policies and expectations for student and employee conduct. It will describe the procedure for reporting crimes and infractions of the student or employee code of conduct. This report provides historical crime data for 2013, 2014 and 2015, and it offers definitions often used by the DCC Security Office in preventing and responding to code of conduct infractions. In addition to security concerns, this ASR relays investigation, disciplinary and resolution procedures employed by the college. The report outlines the rights and options available to our students and employees relative to the code of conduct as well as how the college will communicate those rights and guide students/employees through the processes involved.

The Annual Security Report outlines security procedures for campus wide security events such as fire, inclement weather, power outage, chemical spills, etc. This report also contains historical data regarding such events as well as response drills conducted in 2015.

Lastly, this report offers assistance resource information for both institutional resources as well as outside agencies. These resources are in place to assist the student or employee in matters of legal counsel, reporting and prosecution, protection, and mental, emotional and spiritual wellness.

Dallas Christian College is proud to offer a safe environment for students and employees where we may grow together in the knowledge of our God. Where the code of conduct has been violated, our priorities are the protection of individuals and our community as well as the correction and restoration of the offender whenever possible. Questions regarding this Annual Security Report or any of the college's security policies or procedures may be directed to the Security Office at titleIX@dallas.edu or 972-241-3371, ext. 107.

Reporting Crimes

Campus security is everyone's responsibility, and it is necessary to maintain sound and sensible precautions. It is therefore important for members of the college community to report any and all questionable incidents. Crimes that occur on campus are to be reported within 24 hours to the Vice President for Student Development whose office is located in the Administration building. Persons who may assist in reporting criminal actions include members of the Residence Hall Staff or the Student Development Office. Victims or witnesses of criminal activities are directed to complete an Incident Report that details the facts surrounding the crime. Report forms are available from the offices named above. In cases involving violation of local, state, or federal laws, the Farmers Branch City Police are notified for appropriate follow up. The College cooperates fully with any investigations conducted by proper authorities. In the event of a crime that poses a threat to the campus community, notice may be made through the college's emergency notification system, through email and through regular announcement venues in high traffic areas of the campus.

Residence Halls

During New Student Orientation, crime prevention is addressed through a review of precautions necessary to provide for one's personal safety and well-being. Literature is distributed and posters displayed on campus which recommend ways to protect one's self and his or her belongings.

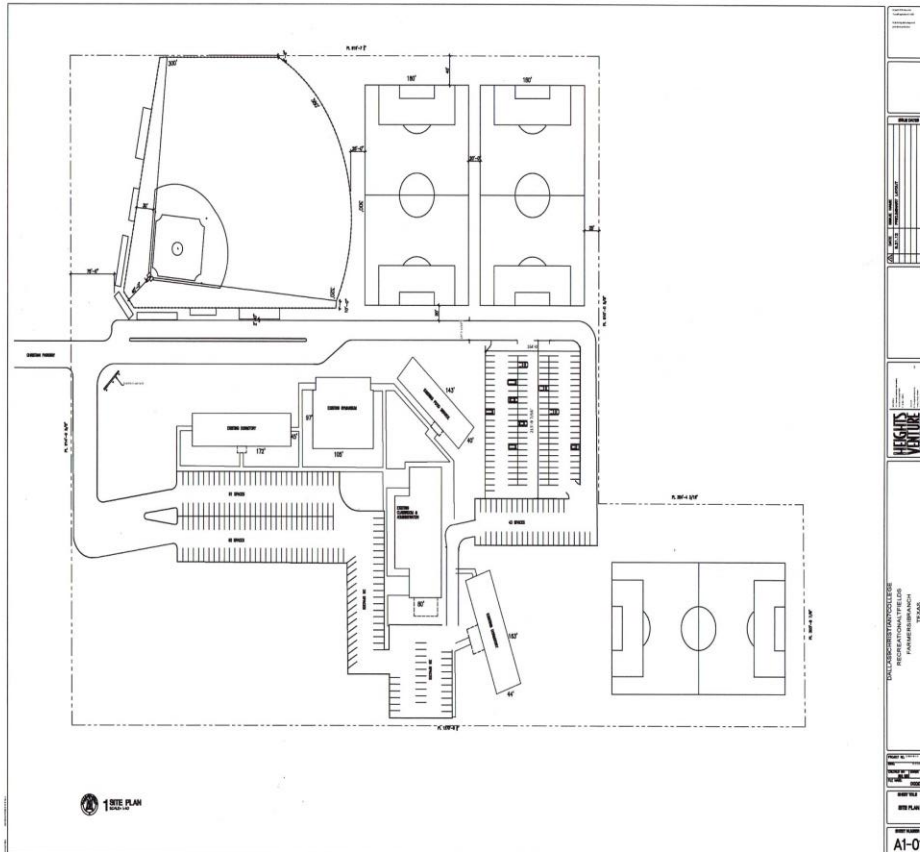

Residence hall programs also cover the topic of crime prevention as it relates to campus housing and safety procedures.

The residence halls and other campus buildings have an announced closing hour during the year. Any exceptions to these times must be approved by the Administration in advance of a scheduled event. Occupants of the residence halls are issued keys which access the main lobby door and the individual room.

For additional assistance the resident must contact Housing Staff to be admitted to the hall. All residents must be prepared to provide proper identification upon request of a college official.

The Clery Act reportable area for Dallas Christian College:

Sexual Misconduct Policy and Procedures

The DCC Student Handbook and Employee Handbook prohibit various forms of sexual misconduct in keeping with the character and identity of the college as explicitly Christian in nature. Included in the code of conduct regarding sexual misconduct is a strict prohibition of sexual harassment, sexual assault, dating violence, domestic violence and stalking. DCC's Sexual Misconduct Policy and Procedures are designed to eliminate such misconduct from the college campus and to protect the institution's students and employees.

A. Definitions

This section will define the terms often used at Dallas Christian College in our policies and procedures:

Consent is a clear, mutual, voluntary and positive agreement between participants. Consent must be explicitly expressed. Consent should never be assumed because the other party did not express objection. Unless consent from all participants is clear, a lack of consent should be assumed. A lack of consent can be expressed through body language, attitude or gestures. A prior sexual relationship does not constitute current consent. Consent must be offered at each

stage of sexual activity and should not be assumed based on previous stages of sexual interaction.

Consent requires that a person:

- Is unimpaired by any substance, alcohol or drugs and is of a state of mind to make informed decisions.
- Is of the legal age of consent (17 years of age in Texas).
- Is fully conscious and awake.
- Is of sound body and mind without any known mental disorder.

Domestic Violence is defined by Texas Penal Code Sec. 71.004 as 1) an act by a member of a family or household against another member of the family or household that is intended to result in physical harm, bodily injury, assault or that is a threat that reasonably places the member in fear of imminent physical harm, bodily injury, assault or sexual assault, but does not include defensive measures to protect oneself; 2) abuse... by a member of a family or household toward a child of the family or household; or 3) dating violence.

Dating Violence is defined by Texas Penal Code Sec. 71.0021 as an act by an individual that is against another individual with whom that person has or has had a dating relationship and that is intended to result in physical harm, bodily injury, assault, or sexual assault or that is a threat that reasonably places the individual in fear of imminent physical harm, bodily injury, assault, or sexual assault, but does not include measures to protect oneself. A dating relationship is determined with consideration to the length of the relationship, the nature of relationship and the frequency of interaction between the individuals in question.

Sexual Assault is generally defined by Texas Penal Code 22.011 as any non-consensual sexual contact by another person involving penetration, however slight, of the vagina or anus with any body part or object or of oral penetration of another person by a sex organ without explicit consent. Sexual assault includes rape, fondling, incest and statutory rape.

Stalking is described by Texas Penal Code 42.072 as when a person on more than one occasion and pursuant to the same scheme or course of conduct directed at a specific person knowingly engages in conduct that: 1) the stalker knows/reasonably believes the victim will view as threatening, 2) causes fear, and 3) would cause a reasonable person to fear.

B. Sexual Assault Education and Prevention Programs

Dallas Christian College implements sexual assault awareness and prevention programming for all new traditional students through the first-year experience course called DCC 101 as well as through informal yet consistent emphasis and ad hoc programming in residence hall meetings. The curriculum entitled One is Too many was presented on September 16th and 17th and again on

March 30 of 2016. New employees receive training upon hire from the DCC Human Resources department as well as instruction in employee meetings.

Sexual harassment/assault prevention training includes comprehensive instruction for the purpose of eliminating sexual assault and sexual harassment on DCC's campus. Students and employees are informed of the college's Sexual Misconduct Policy and Procedures and are informed regarding definitions of consent, sexual harassment, sexual assault, domestic violence, dating violence and stalking. Students and employees are informed of risk reduction practices to avoid being sexually victimized as well as options for bystander intervention if one witnesses sexual harassment/assault. Dallas Christian College is a member of the North Texas Title IX Sexual Assault Coalition which is a product of the Dallas Area Rape Crisis Center and Title IX coordinators from various college campuses in the Dallas/Fort Worth area. At these quarterly meetings representatives from local law enforcement, the local criminal justice departments, local medical professionals as well as the Department of Education present information on topics related to sexual violence. The Title IX Coordinator from Dallas Christian College also participates in workshops presented by DARCC. These workshops are conducted at local law enforcement headquarters as well as the hospitals in our area which provide SANE exams and includes training on response to Special Populations. On April 11, 2015 The Dallas Area Rape Crisis Center conducted a Sexual Assault Response Training on campus for the Resident Assistants, Resident Directors and staff /employees. During National Sexual Assault Awareness Month the college participated in the National Clothesline Display Project. A clothesline erected in the courtyard of the campus held t-shirts bearing the statements of assault survivors. This event was the impetus for several students and staff members to come forward and disclose that they had been a victim of assault in their past. During Sexual Assault Awareness Month the students are provided with teal ribbons to reinforce the messages which are displayed upon campus posters and in the campus newsletter.

Sexual Assault Response Procedures

Dallas Christian College employs response procedures designed to offer a discrete and effective reporting system, thorough investigation practices, and comprehensive assistance and guidance services for the victim as well as the accused. Individuals involved in a sexual assault case will be informed of their rights, investigative and disciplinary procedures and outcomes, support services such as preliminary legal assistance and counselling, and adjustments to prevent contact between the victim and the accused in classes and on-campus living accommodations to the fullest realistic extent.

In the event that a *student* experiences sexual harassment, sexual assault, domestic violence, dating violence or stalking, the victim is advised to report the incident immediately to one of the following persons on campus:

Name	Title	Phone	Email	Location
------	-------	-------	-------	----------

Mark Worley	Vice President of Student Development	972-241-3371 ext. 152	mworley@dallas.edu	President's Suite on 1 st floor of Admin. Bldg.

The victim is also strongly encouraged to immediately call 911 to report the assault to the Farmers Branch Police Department for criminal investigation or call them directly at 972-484-3620 or 3723 Valley View Ln., Dallas, TX 75244. The College will provide reasonable assistance to students who request such assistance in filing a report on or off campus. Medical

treatment is advised at an area hospital in order to preserve evidence that may be needed in the investigation. The hospital nearest the DCC campus is Dallas Medical Center located at 7 Medical Pkwy, Dallas, TX 75234, 972-888-7000. Services may also be obtained through the Dallas Rape Crisis Center at 214-590-0430.

A victim of a sexual crime will be encouraged to preserve evidence of that crime. Such preservation includes not bathing, washing, douching or changing bedding following an incident of sexual assault. Victims should also preserve any applicable media such as pertaining pictures/videos, text messages, social networking pages, or any other evidence that would assist the college's investigative efforts.

While DCC will strongly encourage and support the victim in reporting sexual crime to the appropriate law enforcement agency, this choice lies solely with the victim. The college cannot require a victim of sexual assault to participate in the criminal justice system or cooperate with law enforcement in order to be provided with a forensic medical exam, reimbursement for charges incurred on account of such an exam, or both.

The procedures listed below are intended to provide a prompt and thorough response to charges of sexual assault, domestic violence, dating violence and/or stalking. The college will maintain confidentiality and fairness to all parties to the fullest extent afforded within legal requirements. These procedures will also outline appropriate sanctions against violators of the college's sexual assault policies.

In all cases, the college will make determinations based on the **preponderance of evidence**. This means that after gathering all of the evidence available for a given case, the college will make a determination as to the *most likely* course of events that transpired.

- First concern will be given to the complainant's safety and wellbeing. The college will assist in guiding the complainant to medical care if needed. The college will assess the current, ongoing threat to the complainant as well as to others by the accused and will take necessary preventative measures to ensure that any immediate and near-future threat by the accused is neutralized. This could include action by law enforcement agencies as well as a "no trespassing" order authorized by the college against the accused.
- The complainant will be instructed as to how to contact local law enforcement and will provide that contact information upon the complainant's request.
- The complainant will be instructed as to how to preserve evidence pertaining to the case.
- The college will provide the complainant with instructions as to how to apply for Protective Order.

- The complainant will be provided with on and off-campus mental health and counselling resources.
- The college will provide the complainant and the accused (if applicable) a copy of the institution's Sexual Misconduct Policy and Procedures. The complainant and the accused will be informed regarding the time frame of the investigation and resolution.
- The college will consider necessary protection measures and/or accommodations to prevent contact between the complainant and the accused such as changes in housing accommodations, on-campus employment, class scheduling and locations, etc.
- The complainant and the accused will receive simultaneous written notice of the determination of the college following investigation. All parties involved will be informed of the charges and outcomes of the case.
- Dallas Christian College prohibits retaliation by its officers, employees or agents against a person who exercises his or her rights or responsibilities under any provision of the Campus SaVE Act.

Disciplinary measures that the college may observe at the completion of investigation vary based on the severity of the infraction and may include a written warning, disciplinary probation, or disciplinary suspension and/or expulsion from the institution.

C. Rights and Options for Victims

Dallas Christian College is committed to assisting victims following incidents of domestic violence, dating violence, stalking, and sexual assault and harassment regardless of whether or not the victim(s) choose to file a criminal complaint. The college will provide a written explanation of his/her rights and options which include protective measures against the accused. Those rights are specified below.

- While the college cannot file any restraining/protective order on behalf of the complainant, the college will commit to enforce to our greatest extent possible any such order that the complainant obtains. The victim must personally file for such orders through the appropriate law enforcement agency. The complainant should submit the restraining/protective order to the Vice President of Student Development or the Dean of Students.
- The Student Development Office may devise a Safety Action Plan which will be designed to reduce risk of harm to the victim while on campus. The Safety Action Plan offered measures including but not limited to: modified classroom location and environment such as work from home, housing change, meal arrangements, and escorts.

- Accommodations of any protective order and/or the Safety Action Plan will remain confidential to the fullest extent possible.
- The victim has the right to confidentiality as much as is possible. Personal information identifying the individual or the circumstances of the case is shared only with college personnel on a need to know basis. The college does not publish the names of victims.

D. Investigative and Disciplinary Procedures

Cases of sexual misconduct including sexual harassment, sexual assault, domestic violence, dating violence and stalking involving *students* will be presided over by the Ethical Conduct Committee (ECC) as described in the Dallas Christian College Student Handbook, section 14.8. Both the complainant and the accused will be offered prompt, fair and impartial treatment by the ECC throughout the investigation and resolution process. Members of the ECC receive annual training to respond to matters of code of conduct violations including the sex crimes listed above. ECC members are trained to conduct a hearing process that protects victim safety and promotes accountability.

The complainant and the accused will be informed prior to their meeting with the ECC of their right to be accompanied to that and all related meetings by an advisor, representative or counsel of their choosing.

The complainant and the accused will be informed during the ECC hearing of their right to appeal to the President of the college the resolution determined by the committee.

At the conclusion of the ECC investigation and deliberation, the complainant and the accused will receive simultaneous written notice of the following:

- The determination of the Ethical Conduct Committee based on the preponderance of evidence.
- The college's appeal process as defined by section 14.9 of the DCC Student Handbook (and included below).
- Any changes or addendums to the determination before the ECC's resolution is made final.
- When the results of the resolution are final.

For reference to the ECC procedure, the excerpt from the DCC Student Handbook is provided below:

14.8 Hearing Process 1. The student being called into a hearing of the Ethical Conduct Committee for unresolved matters will be notified of the time and location of the hearing not less than one day before the scheduled time. The student may choose to waive this notification in lieu of a quick resolve. 2. The student will be notified as to the charges against him or her and of the right to gather evidence and/or witnesses to contest the charge. 3. During the hearing, the committee and/or

witnesses will present the evidence for the charge. 4. The student will then present rebuttal evidence and/or witnesses. The committee and the student will have the opportunity to cross-examine witnesses. 5. The student will be dismissed while the committee deliberates until a consensus for verdict and action is reached. 6. The student will be notified of the committee's decision. 7. A written digest of the hearing will be prepared for the student's file. It will include the charge, a list of witnesses who presented evidence, the decision as to guilt or innocence, and any penalties assessed. If a decision of innocence is reached, the student may ask the digest be removed from his or her file after one year. 8. If punitive or corrective measures are assessed, the Student Government will be notified as to the student involved and the measures levied. The charge will not be stated. 9. The college President will be given a copy of the student-file digest.

14.9 Appeal Process for Ethical Conduct Committee Decisions Students wishing to appeal decisions against them by the Ethical Conduct Committee must submit, in writing, a request for a second hearing of the committee within 30 days of the committee's initial decision. The Ethical Conduct Committee shall reconvene as soon as possible to assess the student's appeal and any additional arguments, evidence or witnesses presented. Should the student not be satisfied with the committee's decision after the appeal hearing, the student may make a final written appeal to the President. This final written appeal should be submitted to the President no later than 30 days following the appeal hearing with the Ethical Conduct Committee. The President's decision is final.

14.10 Corrective Measures and Penalties Actions of the Ethical Conduct Committee include, but are not limited to:

1. A written reprimand from the Dean of Students to the student and disciplinary probation; a copy of the reprimand is placed in the student's file

Supervisors at all levels are responsible for communicating the Sexual Harassment Policy to their employees.

Domestic/Relationship Violence Education

Domestic/Relationship Violence prevention and awareness is a component of the DCC101 curriculum entitled One is Too Many which was presented on September 16th and 17th of 2015. This class is a requirement of all first year students. On October 13th and 14th of 2015 the One Love Foundation presented their Escalation Program to our students. This program features the presentation of a video which focuses on the journey of a young college co-ed and her experience of dating violence which ended in assault and murder. After the viewing of the movie the group is divided into small discussion groups which are facilitated by trained students and staff. During the month of October the students are encouraged to wear a purple ribbon which reinforces the message which is displayed upon campus posters and messages in the campus newsletter.

Student Responsibilities

In regard to campus security, each student has certain individual responsibilities that lend themselves to an orderly campus environment. These responsibilities include the following:

1. Students are prohibited from entering rooms, buildings, and other restricted areas of the campus after their normal closing hours.

2. No student shall fail to comply with a reasonable and lawful request or direction by members of the faculty, administrative staff members, residence hall staff, or other college employees acting in the performance of their duties.
3. No student shall intentionally provide false information to a college faculty member or staff member acting in the performance of his/her duties.
4. Guests are welcome on campus and are expected to abide by the College's security procedures.

In case of severe disruptive or threatening behavior on campus or where the security of any campus personnel or the wellbeing of college property is potentially in danger, the Vice President for Student Development (or his official representative acting for the administration) is authorized to immediately remove a student from the campus to provide necessary campus security. The student in such a situation will be informed of the reason for his removal which is subject to review.

In accordance with the Federal Student Right to Know and Campus Security Act of 1990, Dallas Christian College has prepared a report containing statistics on campus crimes as reported to local law enforcement agencies.

Fire safety education and training programs, which includes fire extinguisher training, are taught by local fire authorities.

A fire and evacuation drill is coordinated by the Student Development Office each semester in each residential facility. Students learn the locations of the emergency exits in the buildings. The Student Development Office does not communicate in advance about the designated locations for long-term evacuations because those decisions are affected by time of day, location of the building being evacuated, the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat.

The purpose of the fire and evacuation drills is to prepare building occupants for an organized evacuation in case of a fire or other emergency. In addition to educating occupants of each building about fire safety and evacuation procedures during the drills, the process also provides the Director of Facilities with an opportunity to test the operation of fire alarm system components.

Evacuation drills are monitored by the Office of Student Development and to evaluate egress and behavioral patterns. Reports are prepared by the Director of Facilities which identify deficient equipment so that repairs can be made immediately.

Recommendations for improvements are also submitted to the appropriate departments for consideration. The Resident Assistants are trained in these procedures and act as an ongoing resource for students living in residential facilities.

The Director of Facilities documents each test it conducts for the College, along with the Office of Community documenting those tests being done in the residence halls including a description of the test, the date the test was held, the time the test started and ended, and whether the test was announced or unannounced.

Crisis Management Team’s Duties during a Fire:

- The CMT, or designee, shall take whatever steps are possible to protect the school’s vital records.
- In case of a fire alarm, other than a practice drill, the Director of Facilities, or designee, shall phone the local fire department immediately.
- The Director of Facilities should alert the President or the Vice President for Student Development of the situation as soon as possible.
- Communication should be kept open with the local police and fire officials.
- Call the police department with crowd and traffic control, if necessary.
- Notify utility companies of a break or suspected break in lines. Record time called and person to whom reported.
