PROGRAM OVERVIEW

The Alternative Certification Program at Dallas Christian College provides highly qualified individuals with a bachelor degree the opportunity to launch a successful career in education with Texas public school certification. The need for effective teachers in Texas is critical and widely acknowledged. The need for teachers who experience confidence and joy in teaching because of successful, research-based practices is even more critical to retaining those teachers in Texas schools. DCC's Alternative Certification Program will provide opportunities for teacher candidates to pursue a career in education while making a positive contribution to a local school. The Program is based on the standards for Texas educators and is fully approved by the Texas Education Agency and the State Board for Educator Certification and qualified to provide standard Texas Teacher Certifications to eligible candidates. The E.L. and Sue Derr Teacher Education Department of DCC provides the Alternative Certification Program.
