FINANCIAL AID

Dallas Christian College operates an Office of Financial Aid to assist students seeking a degree or certificate by making their educational goals possible financially. The primary purpose of financial aid is to assist students who, without such aid, would be unable to attend college. The financial aid office administers various types of financial aid programs including grants, loans, scholarships, and part-time employment, any of which may be awarded singly or in various combinations but the total of which does not exceed the cost of education.

No person shall be excluded from participation in, denied the benefits of, subject to discrimination under any federal aid program administered by DCC on any basis prohibited by applicable law.

Most financial aid is awarded on the basis of need. In addition, most financial aid programs require annual applications. The Office of Financial Aid will make every effort to assist students in meeting his/her need utilizing all available resources. Each student has certain rights and responsibilities in the financial aid application process. Therefore, it is important to read all information carefully to ensure compliance with regulations governing receipt and maintenance of financial aid funds. Failure to comply with the regulations may result in loss of funding and/or eligibility.

All new and continuing students must establish financial need annually in order to receive financial aid. Requests for information and awards should be directed as follows:

2700 Christian Parkway

FEDERAL PROGRAMS

To qualify for any of the federal programs, the student must demonstrate financial need by completing the Free Application for Federal Student Aid (FAFSA). The student must be accepted to DCC and enrolled as a regular student in an eligible degree program. The student is also

expected to make satisfactory academic progress toward completion of the program of study and to comply with other requirements of the federal program. The amount of aid cannot exceed the cost of education. DCC participates in the programs listed below.

Federal Pell Grant. Pell eligibility is determined by the completion of the Free Application for Federal Student Aid (FAFSA). Pell Grants are awarded to undergraduates students who have not earned a bachelor's or professional degree. For many students, Pell Grants provide a foundation of financial aid to which other aid may be added. Eligibility requirements include enrollment for at least one credit hour during an eligible enrollment period. For the 2020-2021 school year, the maximum Pell Grant award is \$6,345. This award is based on full-time enrollment and split between two terms (typically the fall and spring term). Pell awards are based on enrollment level as defined by the institution.

Lifetime Pell Eligibility. As part of the Consolidation Appropriations Act of 2012 that was signed by President Obama, the new limits sets the maximum number of semesters a student can receive Pell Grant over their lifetime. Students have a limit of up to 12 semesters or equivalent to 600% of Pell Grant eligibility. Once the maximum has been reached, students can no longer receive a Pell Grant from any institution.

The new provision applies to all students and takes into consideration all the Pell Grant funds previously received. Because of this, some of the students who would have been eligible for Pell Grant funds may no longer qualify for those funds. Some students who are close to their eligibility limit may be eligible for less Pell Grant funding than they would have been previously.

The Pell Grant Lifetime Eligibility Used (LEU) is calculated by adding together each of the annual percentages of a student's scheduled award that was actually disbursed to the student. Visit www.nsls.ed.gov for more information.

Federal Supplemental Education Opportunity Grant (SEOG). The Federal SEOG program is for undergraduates with exceptional financial need. These are the students with the lowest Expected Family Contributions (EFC) as calculated from the information students provide on the FAFSA. Federal regulations give priority to students who are receiving federal Pell Grant and whose EFC is 0. Maximum awards are based on the availability of funds. Eligibility requirements include enrollment for at least 3 credit hours.

Federal Work-Study (FWS). The FWS Program provides part-time employment to students attending institutions of higher education who need the earnings to help meet the costs of postsecondary education and encourages students' receiving FWS assistance to participate in community service activities.

FWS Award Amount. A Federal Work-Study award is determined by a student's financial need (must have a minimum of \$2000 unmet need), based on his or her financial aid budget, and FAFSA information. Financial Need is defined as the difference between the total Cost of Attendance (COA) and the Expected Family Contribution (EFC) which is calculated by the FAFSA form.

FWS Job Placement. Federal Work-study jobs may be on or off campus. Most of Dallas Christian College FWS jobs are on campus. Off campus FWS jobs with federal, state or local public agencies, or non-profit organizations must be in the public interest. Off-campus FWS jobs with private, for-profit organizations must be academically relevant to the maximum extent possible.

FWS Timesheets. Student workers and supervisors must keep track of actual hours worked on a daily basis. This is to ensure that when timesheets are completed it will reflect the true data. Timesheets are completed online and must be filled out completely and approved by the supervisor before they can be processed. Falsification of timesheets will result in immediate student termination without grounds for appeal.

FWS Pay Rate/Hours. For the 2019-2020 school year, the pay rate is a minimum of \$7.25 per hour up to a maximum of 20 hours per week.

Students may earn up to their awarded amount or up to the departmental allocated amount. Since total earnings are based upon a school-wide Federal allocation, students should be aware the amount they are allowed to earn could be less than the amount awarded to them. They will need to work with their employing department to determine the maximum amount they will be able to earn for the award year.

FWS Termination. Student employees must notify their employer and the Financial Aid Office if they voluntarily decide to withdraw from the program. If student employees do not perform their duties satisfactorily and are terminated, supervisors are required to notify the Financial Aid Office in writing. FWS employees who are terminated are responsible for writing an appeal letter to the Financial Aid Office before applying for another position in the same semester. The Director of Financial Aid will evaluate the appeal and contact them in writing regarding probation or suspension of any future Federal Work Study awards. This process must be completed before moving into any new position.

FWS Criminal Background Check. Under the authority of the Texas Education Code and the Fair Credit Reporting Act, DCC shall require a criminal history check on its employees, applicants for employment, authorized volunteers, and employees of independent contractors that do business with DCC if the employment or relationship will require the individual to be classified as having regular contact with minor children, handling currency, access to debit/credit card information, or if the employees position allows access to security sensitive information.

DCC will not employ a person or contract with an independent contractor who has been convicted of any felony or misdemeanor involving any type of sexual offense of a minor, theft, burglary, or robbery as defined in the Texas Penal Code, as amended, unless the misdemeanor is minor in nature and the individual has a background that is otherwise clear of criminal convictions. A conviction includes adjudication.

FWS Eligibility Requirements.

- Student must have a completed Financial Aid file.
- Student must meet the Satisfactory Academic Progress as set by DCC
- Student must be enrolled and certified in at least 6 hours (half time) for fall and spring
- Student must be a U.S. citizen or eligible U.S. non-citizen

Federal Direct Loans (subsidized or unsubsidized). Federal Stafford loans to students are either subsidized or unsubsidized. A subsidized loan is awarded on the basis of financial need. The borrower is not charged any interest before beginning repayment or during authorized periods of deferment. The federal government “subsidizes” the interest during these periods.

An unsubsidized loan is not awarded on the basis of need. The borrower is charged interest from the time the loan is disbursed until it is paid in full. If the borrower allows interest to accumulate, it will be capitalized, that is, the interest will be added to the principal amount of the loan and additional interest will be based upon the higher amount. The borrower can receive a subsidized loan and an unsubsidized loan for the same enrollment period. A student must be enrolled in at least six credit hours per term to be eligible to borrow from the Stafford Loan Program.

Loan Entrance/Exit Counseling. Federal regulations require that every first-time borrower successfully complete loan entrance counseling before he or she can receive the first loan disbursement of a federal direct loan. As part of an overall plan to help students avoid delinquency and default, DCC requires loan entrance counseling for all federal loan student borrowers in the year in which the student applies for a loan.

- **Loan Entrance Counseling/ Master Promissory Note**
 - Students will complete Entrance counseling and a signed master promissory note online at www.studentloans.gov using the FSA user ID and password.
 - Loan funds will not be disbursed to students until after they have completed both the entrance counseling and master promissory note. This information is verified through the www.studentloans.gov website as well.
- **Exit Counseling Procedures**
 - Students who graduate, drop below half-time enrollment, or are not returning to DCC must complete loan exit counseling.
 - Borrowers are contacted through email to complete loan exit counseling session during the last semester before transferring or graduating. Students complete the loan exit counseling online at the U.S. Department of Education's website at www.studentloans.gov.
 - A copy of the email notification is placed in the student file for documentation that contact has been made alerting student of the required exit counseling.
 - Federal regulations require the college to ensure that each borrower has been provided information about repayment benefits and obligations.

Students planning to become teachers may be interested in the Federal Loan cancellation benefits for teachers. Borrowers may be able to cancel a portion of their loans if they are teaching in a low-income school. To qualify, the borrower must work as a full-time teacher for five consecutive years in an elementary or secondary school that has been designated as a "low-income" school. The U.S. Department of Education each year designates low income elementary and secondary schools, and a list of these schools, by year, is posted on the department's website. A full list of qualifying conditions and other information concerning repayment of loans may be found at the federal Student Aid website at <http://www.studentaid.ed.gov>.

Loan Interest Rates for Federal Student Loans <i>The interest rate varies depending on the loan type and (for most types of federal student loans) the first disbursement date of the loan. The following are interest rates for Direct Loans first disbursed on or after July 1, 2020.</i>		
Loan Type	Borrower Type	Loans first disbursed on or after 7/1/2020 and before 7/1/2021
Direct Subsidized Loans	Undergraduate	2.75%
Direct Unsubsidized Loans	Undergraduate	2.75%
Direct Unsubsidized Loans	Graduate or Professional	4.3%
Direct PLUS Loans	Parents and Graduate or Professional Students	5.3%

Notes:

- All interest rates shown in the chart above are fixed rates for the life of the loan.
- The interest rates for federal student loans are determined by federal law. If there are future changes to federal law that affect federal student loan interest rates, the college will notify students of those changes.
- View the interest rates on federal student loans first disbursed before July 1, 2020 in the previous year's publication of the DCC Catalog.

As a result of legislation that took effect July 1, 2010, no further loans are being made under the **FFEL Program**.
- Effective for periods of enrollment beginning on or after July 1, 2012, graduate and professional students are no longer eligible to receive Direct Subsidized Loans. The \$65,500 subsidized aggregate loan limit for graduate or professional students includes subsidized loans that a graduate or professional student may have received for periods of enrollment that began before July 1, 2012, or for prior undergraduate study.
- If the total loan amount you receive over the course of your education reaches the aggregate loan limit, you are not eligible to receive additional loans. However, if you repay some of your loans to bring your outstanding loan debt below the aggregate loan limit, you could then borrow again, up to the amount of your remaining eligibility under the aggregate loan limit.

DCC D-1 ATHLETIC SCHOLARSHIP

Dallas Christian College offers NCAA Division I Scholarships for men's baseball, men's and women's soccer, and men's and women's cross country. The heart behind our athletic scholarships is the same as all of DCC's scholarships: to attract, support, and graduate as many students as possible, with as little debt as possible, who are devoted to Kingdom service.

The maximum all-inclusive institutional aid a student in the athletic program may receive is \$15,000. The total scholarship awarded will include all forms of institutional aid. It does not include federal loans or grants or outside scholarships from churches and other organizations. Any student receiving \$7,500 or more in scholarship assistance must live on campus.

DEVELOPING CHRISTIAN INFLUENCE SCHOLARSHIP

The Developing Christian Influence Scholarship (DCIS) may be awarded to students who have demonstrated a commitment to living out their Christian faith through exemplary service in their schools, churches, and communities. They have shown leadership potential through church and community involvement.

It is a selective award, based on materials contained in the application for admission, and a limited number of recipients are chosen from the total pool of applicants. The Scholarship Committee reviews each application for evidence of the following: church involvement, leadership, missions support and activity, community service projects, participation in civic affairs, and others.

For those who qualify, award amounts can range from \$500 to \$2,000 annually.

If they wish, applications may submit additional documentation such as:

- Completed DCC General Scholarship Application
- An essay summarizing the applicant's ministry experience and goals
- A letter of personal recommendation from a church official attesting to the applicant's faith and activities
- Video essay (Two minutes in length, maximum)
- Résumé or Curriculum Vitae
- Copy of sermon or speech
- Meet with an admission counselor for an interview

Applicants who choose to reside on campus will receive priority for DCIS awards. Award amounts are based on full-time enrollment (12 hours minimum). FINANCIAL INFORMATION

VETERANS ASSISTANCE

Veterans and veteran dependents may be eligible for educational benefits through the Veterans Administration. Veterans should contact DCC's Veteran Certifying Officer at (972) 241-3371, Ext. 101, for more information or visit the Department of Veteran Affairs website at <http://www.va.gov/>. Students who qualify for VA benefits will be certified based on eligibility determined by VA and enrollment level. Funds will then be disbursed to DCC to be processed and posted to their account ledger for payment of classes. Any overage of VA funds will be credited to the student in the form of a check, within 14 days of posting. Please contact the Office of Student Accounts for more information.

ON-CAMPUS EMPLOYMENT

DCC offers on-campus employment. However, the number of jobs is limited. In order to be considered for these positions, the student must complete the Free Application for Federal Student Aid (FAFSA), along with a DCC job application. These forms are available through Career Services in the Student Development Office.

OFF-CAMPUS EMPLOYMENT

Job opportunities in the area are plentiful for students who desire to work. Assistance in job availability is obtained through Career Services in the Office of Student Development at DCC. A student must be careful to arrange the job to fit with the college schedule; i.e., academic preparation has priority over work.

FINANCIAL AID POLICIES AND REGULATIONS

Applicants for financial aid must be accepted for admission, be enrolled in an eligible degree program, and be making academic progress in that program. All financial aid applications for institutional assistance, federal grants, loans, or work study must be completed in a timely manner.

STUDENT CREDIT BALANCES (STIPEND) RELEASE PROCEDURE

- Any aid remaining that produces a credit balance due to the student is processed for release within 14 calendar days by the institution business office.
- Student is contacted via email by the Office of Student Accounts and given the option to pick up the check from the campus or request it to be mailed to their address on file with the Academic Office.
- Student may elect to have the credit balance held on their student account until the end of the financial aid award year, only if DCC obtains authorization to hold or apply to other charges outside of the normal cost of tuition and fees, room and board, and/or other authorized charges for a program with the school. Student can obtain this authorization form by contacting the Office of Student Accounts.
- In the event the credit balance is due from the awarding of a Parent Plus Loan (PLUS), DCC will review the PLUS loan application to determine the origin to whom the credit balance can be released. If the application designates the release of excess funds to the student, the student will be issued the check within the 14 calendar day limitation or complete the authorization to hold request. If the application designates the parent, the parent will be issued the check within the 14 calendar day limitation or complete the authorization to hold request.

- Checks that are returned as undelivered will be credited back to the student's account. (Assuming the institution is unable to locate the student for a valid address.) Failure to obtain a valid address will result in the funds being returned to the Title IV program in which the aid was funded.

STUDENT RIGHT TO CANCEL FINANCIAL AID

The student has the right to cancel any Title IV aid awarded within 14 days of receipt. Once this time has elapsed, in the event that a credit disbursement is due to the student, the institution will not hold on their account unless a request to hold excess credit has been submitted.

REFUND POLICIES

A student who withdraws during a semester must notify the Financial Aid Office and the Office of Student Accounts.

Student eligibility for refund depends on the student recipient's enrollment status, cost of attendance, dates of attendance, and the type of aid received.

Changes in any of these factors, such as dropping courses or withdrawing from the college, could result in the reduction of the student's financial aid package, thereby removing a potential credit balance. A student who withdraws from the College will receive only the remaining credit balance, if any, after costs are calculated and financial aid is restored to the financial aid accounts, including the possible return of Title IV funds.

All scholarships are awarded for direct costs only (unless otherwise specified by the donor). If scholarship money exceeds direct costs (tuition, fees, books, room and board), the excess funds will be refunded to the scholarship funds as follows:

1. Dallas Christian College institutional scholarships
2. Private institutional scholarships
3. Church scholarships
4. Private scholarships

Below is the institutional tuition refund policy (fees are not refundable):

Traditional 16-Week Courses

Before the end of the FIRST week of school	90%
Before the end of the FOURTH week of school	60%
Before the end of the EIGHTH week of school	30%
After EIGHTH week of the semester	NONE

An exception to the above policy would be an approved leave of absence. (Please see "Student Leave of Absence Policy" in the Academic Regulations section.) No adjustments to tuition charges are granted to those who are involved in disciplinary dismissal.

Seven-Week Courses

Before beginning of the SECOND week	60%
Before beginning of the FOURTH week	30%
After FOURTH week	NONE

Six-Week Courses

Before SECOND class meeting	60%
Before THIRD class meeting	30%
After THIRD class meeting	NONE

A \$115 per class drop fee will be assessed for classes not dropped two weeks prior to the class start date for DCC FLEXCampus®, online, and Quest classes. Classes dropped after the start date will be subject to the refund policy above.

For evening classes that do not meet during the week of registration, the official first week is the week in which the class meets for the first time.

NO REFUNDS will be given after the first class day for special terms such as Maymester, Summer I, and Summer II.

At the discretion of the College, students who leave the residence halls before the end of any semester may receive a reduction on room and board charges. There is NO REFUND on fees.

For veterans under subsidy, the College conforms to the Veterans Administration regulations regarding refunds.

Any military personnel called to active duty during a college semester will have his/her tuition reimbursed for that semester, if they have not completed enough work for their professors to administer a grade for work completed. In addition, lenders will automatically postpone student loan payments, upon notification in writing, during the period of the borrower's active duty service. Letters of active duty status must be provided to the College Administration Offices (Registrar, Office of Student Accounts, and the Financial Aid Office).

The college reserves the right to prorate charges incurred for room and board usage before active duty activation. Contact the Office of Student Accounts for further information, if needed.

Students who simultaneously add and drop classes within the first week of a semester without resulting in a change in the total credit hours enrolled are not subject to the above refund policies.

One is not officially withdrawn from the college until withdrawal procedures have been completed through the Academic Office, the Office of Student Accounts, and the Financial Aid Office, if applicable. All refunds are based on this date. The student is solely responsible for initiating and completing the withdrawal process. Students who do not initiate or complete the withdrawal process and never attend the course will be administratively withdrawn and will be charged a \$285 Administrative Withdrawal fee.

RETURN OF TITLE IV FUNDS

DCC returns unearned funds received from Federal student assistance program accounts or lenders in accordance with the Federal Title IV student assistance regulations, as amended, under 34 CFR, section 688.22(d) of the Reauthorization of the Higher Education Act of 1965, with rules of the Texas Higher Education Coordinating Board (THECB), and with DCC policies.

The student receiving assistance from Federal Title IV programs is required to complete a minimum number of hours for which assistance was received. If the student completely withdraws from school during semester, or quits attending, but fails to officially withdraw, the student may be required to return the unearned part of the funds which were received to help pay educational expenses for the semester. Liability for return of Federal Title IV funds will be determined according to the following guidelines:

1. If the student remains enrolled and attends class beyond the 60% mark of the semester in which aid is received, all federal aid is considered earned and not subject to this policy.

2. If the student completely withdraws from all classes before completing 60% of the semester, a pro-rated portion of the federal aid received must be returned to the federal aid programs equal to the percentage of the semester remaining.
3. If all eligible aid was not already disbursed to the student before the student withdrew, the earned portion of aid will be paid to the student as a post-withdrawal disbursement.
4. If the student does not officially withdraw from classes, and stops attending all classes, a pro-rated portion of the federal aid received, based on the documented last date of attendance, must be returned to the federal aid programs. If the college is unable to document the last date of attendance, one-half of all federal aid received during the semester must be returned to the federal aid programs.

Funds are returned in the following order:

1. Direct Unsubsidized Loan
2. Direct Subsidized Loan
3. Direct Plus Loan
4. Federal Pell Grant
5. FSEOG

Financial aid recipients who enroll and receive aid for a particular semester, then fail to complete more than 60% of that semester will have to repay part or all of the aid received for that semester. Additionally, any tuition, fees and room and/or board payments refunded by DCC as a result of a student's withdrawal must be returned to the financial aid programs in accordance with Federal law. Students who fail to complete the official withdrawal process but stop attending classes prior to the end of the semester and receive grades of "F" in all classes for that semester will also have to repay part or all of the aid received for that semester. Up through the 60% point in each semester, a *pro-rata* schedule is used to determine the amount of aid to be repaid by a student who withdraws. No adjustments in financial aid are required for students who withdraw after the 60% point in a semester.

TUITION ASSISTANCE RETURN POLICY

Dallas Christian College has a policy to return unearned tuition assistance (TA) funds on a proportional basis for any tuition assistance recipient who withdraws from a course before completing at least 60 percent of the course. When a service member has to suspend attendance due to a military obligations, the college will work with the student to identify solutions that will not result in student debt for the returned portion.

Traditional 16-Week Course Withdraw Submitted

Before or during weeks 1-2	100% return
During weeks 3-4	75% return
During weeks 5-8	50% return
During weeks 9-10	40% return (60% of course is completed)
During weeks 11-16	0% return

Note: The institution's week of instruction is counted as seven days.

FLEXCampus® Six-Week Course Withdraw Submitted

Before or during week 1	100% return
During week 2	80% return
During weeks 3	70% return (60% of course is completed)
During weeks 4	40% return (60% of course is completed)
During weeks 5-6	0% return

Note: There are 42 days of instruction in a six-week course.

STANDARDS OF ACADEMIC PROGRESS FOR FINANCIAL AID

The Higher Education Act of 1965, as amended by Congress, mandates that institutions of higher education monitor the academic progress of students who receive Federal Financial Aid. Dallas Christian College has established the following minimum standards and practices for Federal Financial Aid Satisfactory Academic Progress (SAP) for students to be eligible for and continue to receive federal financial aid. Please note that some state and institutional aid programs may have higher academic requirements, and eligibility for those financial aid programs is subject to the requirements of each program.

To be in compliance with federal, state, or institutional student aid programs, DCC must apply qualitative and quantitative measurements to academic work.

The qualitative and quantitative standards for SAP are defined as:

1. **Qualitative Standard – Cumulative Grade Point Average (Cum GPA)**
Undergraduate students must maintain a minimum Cumulative Grade Point Average (Cum GPA) of 2.0 for all course work completed.
2. **Quantitative Standard – Pace of Progression**
Pace of progression is determined by dividing the cumulative number of credit hours successfully completed by the cumulative number of credit hours attempted, including transfer hours that have been accepted. Undergraduate students must maintain a pace of progression of 66.67% for all course work attempted, including transfer credits.
3. **Program Completion Time Frame:**
Students may receive financial aid, if they otherwise qualify, if they have not yet attempted 150% of the hours required for their degree program. Attempted hours include all transferred credits and all DCC courses passed, failed, repeated, or withdrawn.

If a student meets ALL of the above standards, the student will receive a SAP status of SATISFACTORY and will be able to continue receiving federal and institutional aid at DCC.

If a student fails to meet one or more of the above standards, the student will be placed on one of two Financial Aid SAP statuses, as described below:

- **Warning Status:** If the student was previously under a Satisfactory SAP status, the student's status will be moved to a Warning Status for one semester, meaning that the student is being warned that he/she is not meeting SAP eligibility and has one semester to correct his/her eligibility before being placed on financial aid suspension. During this semester, the student will continue to be able to receive financial aid. A Warning Status cannot be appealed since students are still eligible to receive financial assistance.
- **Probation Status:** If a student is placed on financial aid suspension, he/she has the option of appealing this suspension through the SAP appeal process. If the appeal is granted, the student will be placed on financial aid probation for the next semester, and he/she must bring his/her SAP eligibility to Satisfactory during that semester or be placed on financial aid suspension. While on Probation Status, the student may continue to receive federal, state, and institutional aid if he/she is otherwise eligible.
- **Suspension Status:** If the student was previously under a Warning Status or Probation Status and fails to meet SAP eligibility requirements during the next semester, the student's status will be moved to a Suspension Status and he/she will not be able to receive federal, state, or institutional financial aid during the next semester he/she attends. Students who are placed on financial aid suspension may appeal this decision by completing the Satisfactory Academic Progress Appeal Process (see below).

Please note: Financial Aid Satisfactory Academic Progress eligibility is different from Academic Probation or Academic Suspension. Students who are on financial aid suspension may be allowed to register for and attend classes in future semesters at their own expense if they are not also on Academic Suspension.

REGAINING FINANCIAL AID SAP ELIGIBILITY

- Students who are placed on financial aid suspension for not maintaining the required SAP eligibility standards for cumulative GPA must complete courses at DCC at their own expense to regain their eligibility for financial aid. Students who are placed on financial aid suspension for not maintaining the required SAP eligibility standards for pace of progression must complete, at their own expense, courses at DCC, or courses that transfer from an accredited institution.
- Students who are placed on financial aid suspension because they have not met the program completion time frame requirements and have reached the maximum number of hours or time frame allowed to complete their degree program may not regain eligibility to receive financial aid. In order to complete a degree program and graduate from DCC, the student will have to complete those courses without receiving federal financial assistance. If the student feels that these calculations are incorrect, they may contact the Financial Aid Office and ask for a formal review of eligibility.
- After the student has completed sufficient coursework to remove the Suspension Status, his/her SAP status will be reevaluated at the end of the following semester, and his/her status will be updated based on current SAP standards. If a student wants an evaluation before that time, he/she must submit the Suspension Evaluation or Appeal Request Form to the Office of Financial Aid to formally request a review of his/her status. Forms are available in the Financial Aid Office.

SAP ELIGIBILITY APPEAL PROCESS

A student who has been placed on financial aid suspension for not meeting the required SAP guidelines may appeal his/her suspension if there were unusual or extenuating circumstances that contributed to the student's failure to meet these guidelines. If the appeal is granted, the student will be placed on a SAP Probation Status and will be allowed to receive financial aid for the next semester only (see "Probation Status" above). All individuals granted an appeal are normally placed on a one-semester Probation Status or placed on a financial aid academic plan (see below). All appeal decisions are final. Students will be notified in writing as to the decision regarding their financial aid appeal. The appeal request must include a statement from the student regarding what has changed or what they will do differently that will allow them to meet SAP guidelines in the future. If a student makes more than one appeal request, each appeal must be for a different reason.

FINANCIAL AID ACADEMIC PLAN

If a student is placed on suspension, and successfully appeals the decision, but the student's academic situation is such that it would be mathematically impossible for him/her to regain SAP eligibility during the next semester as required by federal SAP guidelines, DCC may, at its sole discretion, place the student on a financial aid academic plan. This plan will be designed to outline steps of progress that, if followed by the student each semester, will lead to SAP eligibility being regained at a specific time in the future. If a student does not meet these progressive steps each semester, he/she will immediately be placed on financial aid suspension.

OTHER FINANCIAL AID SAP GUIDELINES

- **Dual Enrollment:** A student may not receive federal aid from more than one institution at the same time. A student transferring to DCC from another institution must have their aid canceled at the former institution.
- **Repeat Courses:** Students may receive federal financial aid for repeat courses in which a course was complete but previous grade of "F" was received. For courses in which a grade of "D" or higher is received, federal financial aid will pay for these courses once only.

If a student registers for a course in which he/she has previously received a grade of "D" or higher, an evaluation of the student's history taking that course will be made and aid will be paid accordingly. Institutional scholarships cannot be applied toward any repeat courses regardless of course grade or status.

- **Incomplete grades:** Courses in which a grade of "I" is received will affect a student's pace of progression and may lead to the student being placed on financial aid warning or suspension. Once the student has completed the course(s), he/she may request an evaluation to re-assess his/her SAP status using the Suspension Evaluation or Appeal Request Form.

Second Bachelor's Degree: Not all financial aid programs are available to students seeking a second bachelor's degree, including accredited and non-accredited degrees. Students should see their financial aid counselor for more information.

Payment is to be made to the Office of Student Accounts via scheduled auto-drafts or online through the student portal. Cash, check, or credit card (VISA, MasterCard, Discover, and American Express) payments can be made in the office.

Student account statements showing all charges and payments to date, including payments from all financial aid sources, are available on the student portal on the DCC web site. Paper copies will be provided to all students with an outstanding balance at the beginning of each semester, and payment reminders will be sent to the DCC Crusader Mail (email) each month. For those students who have a documented commitment of funds through the Financial Aid Office, any school costs not covered by said financial aid are due and payable on the first of the month for the current semester.

If students have not paid their charges in full or made satisfactory arrangements with the Office of Student Accounts one week prior to the first day of classes, the students may be administratively withdrawn from their class schedules and they may be charged the Administrative Withdrawal Fee.

PAYMENT DEFERMENT PLAN

Dallas Christian College is pleased to offer a payment deferment option to help alleviate the financial burden of financing a college education. The Interest-Free Monthly Payment Option allows for spreading educational expenses over smaller monthly installments for a small enrollment fee. This is a popular option with many families because it reduces the need to borrow and it gives families more control over their savings. Payment deferment plans are offered on a semester basis.

Students whose financial aid, if any, is not sufficient to cover a given semester's school costs and who do not have sufficient private sources must sign up for a payment deferment through the Office of Student Accounts. Payment deferment plans are required of all students who have not paid in full or have sufficient financial aid to cover their institutional costs.

The payment deferment plan is low cost and no approval is required. The cost for the plan is a \$60 per semester enrollment fee. Students can check their account charges and balance by logging into the DCC Student Portal. Payments towards the deferment plans can be made online through the DCC Student Portal, in office, or over the phone using a debit or credit card.

Automatic monthly payments may be made directly from a checking or statement savings account. Late payments may result in additional fees.

Five monthly payments are due on the 15th of each month. All accounts must be paid in full by the end of the semester regardless of enrollment date. For example, if a student enrolls on August 15th, the first payment (including the \$60 enrollment fee) will be due immediately and 4 monthly payments will be remaining. If a student enrolls on September 15th, the first payment will be due immediately and there will only be 3 monthly payments remaining.

For more information on specific payment options or to enroll in the Interest-Free Monthly Payment Deferment Plan, contact the Office of Student Accounts at (214) 453-8135 or toll free at 1 (800) 688-1029 for assistance. Students with past due accounts desiring to set up a monthly payment plan must also contact the Office of Student Accounts for assistance.

STUDENTS RECEIVING TUITION REIMBURSEMENT BENEFITS

Students who are eligible for educational reimbursement from their employer must pay in full at the beginning of the term or apply for a payment plan and provide appropriate documentation to the Office of Student Accounts from the employer, including a copy of the employer policy. If employer educational assistance payments are made to DCC directly, any credit balance that results will be refunded to the student.

PAST DUE AND DELINQUENT ACCOUNTS

Students will not be permitted to register for the current or future semesters until all past due balances are paid in full. Transcripts and diplomas are not issued until the financial obligation is met. In addition, graduating students who do not have their student accounts paid in full will not be permitted to participate in the graduation ceremony. Payment plans are available to students with past due and delinquent accounts. Please contact the Office of Student Accounts for more information.

Student Account Classifications:

CURRENT:	All payments made according to the payment schedule.
ON-HOLD:	Financial Aid or methods of payment in process.
PAST DUE:	Payment not made within the specified payment dates.
DELINQUENT:	Account is past due with no satisfactory arrangements made with the Office of Student Accounts.

Dallas Christian College reserves the right to deny enrollment, class attendance, grades, or extension of credit to any student who does not meet past-due obligations or fulfill financial obligations to the College.

On occasion, legitimate financial circumstances may warrant special consideration. Should this occur, the student is encouraged to contact the Office of Student Accounts immediately to make appropriate arrangements.

If satisfactory arrangements are not made with the Office of Student Accounts concerning the account, the student may also face action from a third-party collection agency. If this occurs, the student may be subject to additional interest and collection charges.

RETURNED CHECKS

Checks returned for Non-Sufficient Funds or credit card transactions that are denied may result in a NSF Fee assessed to the student's account.
